## AALBORG

AALBORG manufactures rotameters, mass flow controllers, vortex flow meters, and many other flowmeters. We deliver high quality flow instrumentation and have a reputation as one of the top manufacturers of precision instrumentation for flow control and measurement.

## FAIRCHILD INDUSTRIAL PRODUCTS COMPANY

Fairchild Industrial Products Company manufactures precision, high quality pneumatic and electro-pneumatic industrial control components. Fairchild offers regulators, ratio relays, volume boosters, I/P transducers & loading stations.

## TECOM

TECOM offers a large family of fluoro-plastic fluid and gas handling components for transporting ultra pure and difficult to handle media. Product offered includes Fittings, Tubing, Valves that include Solenoid, Pneumatic, and Manual styles. Spray Guns, N2 Guns, along with custom configured components and multi-valve manifolds.

## GO REGULATOR

GO Regulator is a leading global designer and manufacturer of standardized and specialty pressure regulators, diaphragm valves, and filters to the analytical, instrumentation, petrochemical, oil & gas, and specialty gas industries. GO regulators and valves are designed to fulfill a wide range of applications, controlling pressure while accommodating low to moderate flow rates of many gases and liquids.

## GENERANT

Generant is a leading designer and manufacturer of pressure and flow control devices. Generant offers: Check Valves, Relief Valves, Needle Valves, Tube Fittings, Safety Relief Valves, Bi-Lok compression fittings, Pressure Regulators & Bi-Lok Tube Fittings.

## GREYLINE instruments inc.

Greyline level instruments include ultrasonic level monitors and transmitters, tank level monitoring instruments, pump station level controllers, software and data loggers. Greyline's ultrasonic flow products include portable meters for troubleshooting and surveys, Doppler and Transit time flow meters with strap-on sensors, flow switches, open channel flow monitors and area-velocity flow meters.

## American Sensor Technologies

American Sensor Technologies - Your sensor business partner - offers state-of-the-art MEMS based pressure sensors, transducers, and transmitters with the best price-performance ratio in the industry.

## malema sensors

Malema Sensors brings you the best flowmeters, flow sensors/switches, safety excess flow valves & excess flow valves for the Oil and Gas, Power, Chemical and other related industries.

## PRECISION DIGITAL

Digital panel meters, process meters, digital field meters.
